PROFESSIONAL SUMMARY

Senior Flutter Developer with 5+ years of hands-on experience building cross-platform mobile products across e-commerce, marketplace, and SaaS verticals - with a track record of leading mobile teams in MENA-region companies (Egypt, Saudi Arabia, Kuwait). Delivered 7+ apps to production across Android and iOS, reduced CI/CD deployment time by up to 50%, and mentored 15+ developers. Equally comfortable as an individual contributor and as the technical bridge between product, engineering, and stakeholders.

EDUCATION

Bachelor of Science in Information Technology & Computer Science

Sinai University – Ismailia, Egypt | 2019 – 2023 Grade: A- (Excellent)

WORK EXPERIENCE

Technical Project Manager (Part-Time)

MainStreet Company – Cairo, Egypt | Jun 2023 – Dec 2023 · Nov 2025 – Present

- Returned as TPM to lead ongoing product development across web and mobile platforms.
- Led end-to-end delivery of Duvdu, a cross-platform freelance marketplace built with Flutter, Node.js, and Next.js - shipped to Android, iOS, and Web.
- Directed a cross-functional team of 6 through Agile sprints, maintaining 100% on-time milestone delivery.
- Oversaw platform architecture, third-party integrations, and staged deployments across all 3 platforms.

Senior Flutter Developer/Mobile Team Lead

Naya Al-Elm – Riyadh, Saudi Arabia | Nov 2023 – Oct 2025

- Led development of lookfindr, a comprehensive salon and spa management platform featuring integrated online stores and booking systems.
- Built cross-platform features in Flutter to improve functionality and user experience.
- Delivered intuitive, scalable solutions that enhance user interaction and engagement.
- Implemented clean architecture patterns and CI/CD pipelines that reduced deployment time by 40% and ensured consistent code quality across releases.

Technical Project Manager (Part-Time)

PeaCode Digital Solutions – Cairo, Egypt | Aug 2024 – Dec 2024

- Led end-to-end development of multiple mobile applications, managing architecture, quality, and timely delivery.
- Directed more than 7 projects through agile sprints, achieving 100% sprint completion and zero critical production bugs.
- Implemented CI/CD pipelines that reduced release time by 50% and improved overall team productivity.
- Collaborated closely with clients and stakeholders to define scope, milestones, and deliverables aligned with business goals.

Flutter Instructor/Mentor (Part-Time)

PeaLearning – Cairo, Egypt | Feb 2024 – Dec 2024 · Evenings: 3x per week, 6–9 PM

- Conducted 50+ training sessions on Flutter and Dart, focused on production-level app development.

- Designed structured course curriculum that improved student completion rate by 30%.
- Mentored students through real-world project workflows — from architecture decisions to App Store deployment.
- Collaborated with industry professionals to align curriculum with current employer expectations.

Senior Flutter Developer/Mobile Team Lead (Part-Time)

ProfTech Group – Kuwait, Kuwait City | Dec 2023 – Jun 2024

- Led a Flutter team delivering mobile projects using Agile workflows and clean architecture.
- Coordinated between dev teams and management to ensure 100% on-time feature delivery.
- Oversaw app performance, code reviews, and adoption of scalable Flutter solutions.
- Acted as the bridge between the mobile team and other developers to align product and technical goals.

Flutter Developer/Mentor (Contract)

Techno Space, Cairo – Egypt | Sep 2022 – Jun 2023

- Mentored 15 interns, delivering structured technical and entrepreneurial training programs that improved team capability and project readiness.
- Developed mobile features with Flutter, improving UI responsiveness and navigation fluidity by 25%.
- Participated in Agile sprints and code reviews, achieving consistent delivery milestones across projects.

Flutter Developer (Internship)

eAswaaq Misr – Cairo, Egypt | Jul 2022 – Sep 2022

- Developed key app modules (screens, controllers, models) for Tamweel-Misr, supporting multi-device compatibility.
- Tested the app across multiple devices for performance and compatibility.

Flutter Developer

Google Developer Student Clubs – Sinai University | Oct 2019 – Feb 2022

- Learned Flutter and Dart fundamentals as part of a collaborative student developer team under GDSC's program.
- Contributed to UI screen development within team projects, building hands-on experience with cross-platform mobile development.

SKILLS

- **Core — Flutter & Mobile**
Flutter · Dart · Bloc · Riverpod · GetX · Firebase · Clean Architecture · MVVM · SOLID · RESTful API Integration · Push Notifications · Google Maps · Payment Gateway Integration · App Performance Optimization · App Store & Play Store Deployment · Localization
- **Engineering & DevOps**
CI/CD Workflows · Git / GitHub · Code Reviews · Debugging · Version Control · Scalable & Reusable Code
- **Web Development**
React.js · Next.ts · JavaScript (ES6+) · Bootstrap · Laravel · PHP · Flask · Responsive UI · REST API
- **Project Management**
Agile/Scrum · Sprint Planning · System Architecture · Cross-Functional Collaboration · Stakeholder Communication · Technical Mentorship · Product Ownership
- **Familiar with**
C · C++ · C# · Unity · Python · IoT · Arduino · Raspberry Pi · Network Security · CCNA Fundamentals
